### Main Interface

Launch Kigo Hulu Video Downloader for Mac and you will see the main interface below:

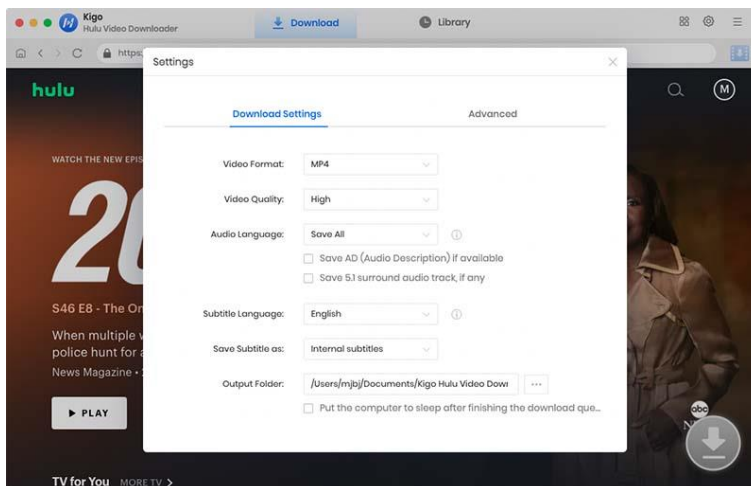

## Menu

Click the **"Menu"** button on the upper-right corner, and you will see a dialogue as below:

## Settings

Click the **"Settings"** button on the upper right, and you will see a pop-up window as below, where you can customize the output quality (High, Medium, Low), output path, audio and subtitles language, etc:

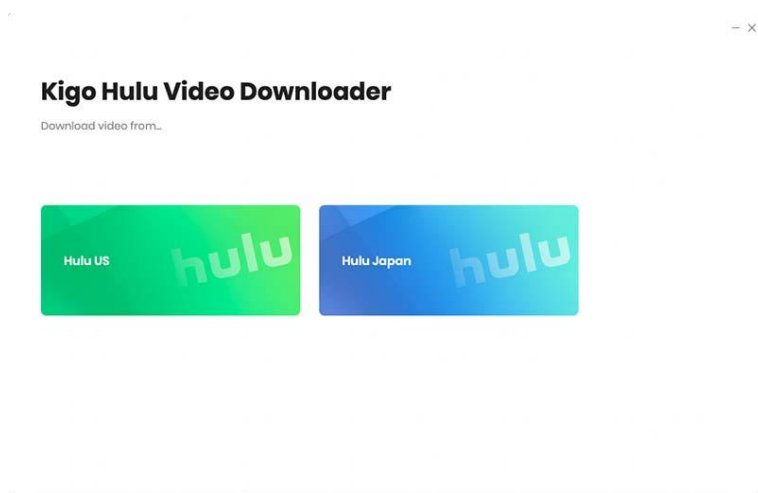

## Tutorials

- Select the Region
- Log into Hulu Account
- Customize Download Settings
- Search for Videos
- Advanced Download Setting
- Start Downloading Videos
- Check Download History

### Select the Region

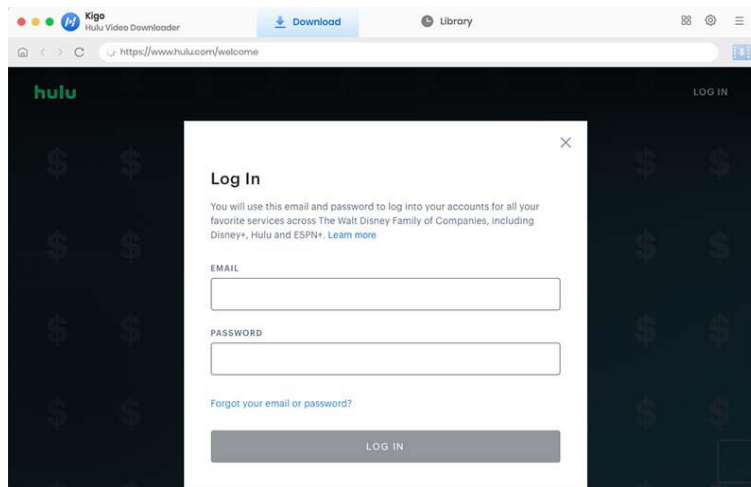

Launch Kigo Hulu Video Downloader on your Mac, and then select the website (Hulu.com or Hulu.jp) you want to download from.

---

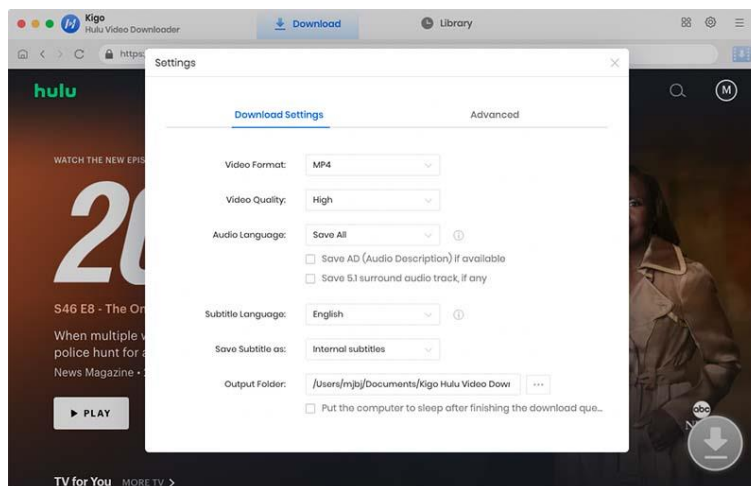

### Log into Hulu Account

Then click "LOG IN" to sign in with your Hulu account.

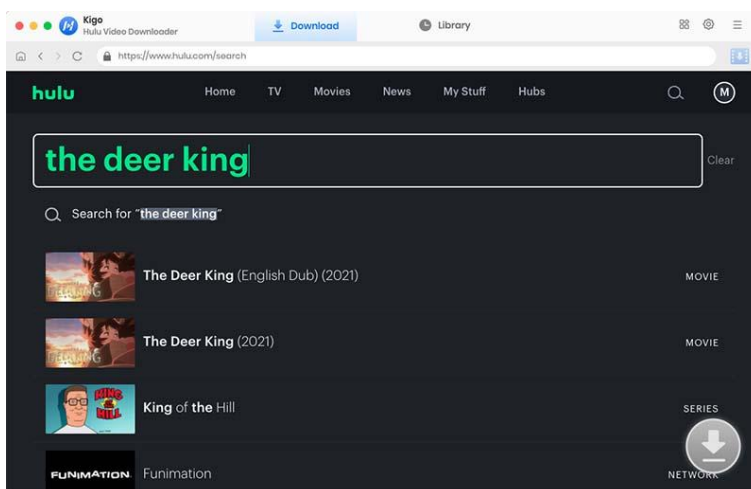

## Customize Download Settings

Click the **Setting** icon on the upper right corner to customize the output quality (High, Medium, Low), output path, audio and subtitles language, etc.

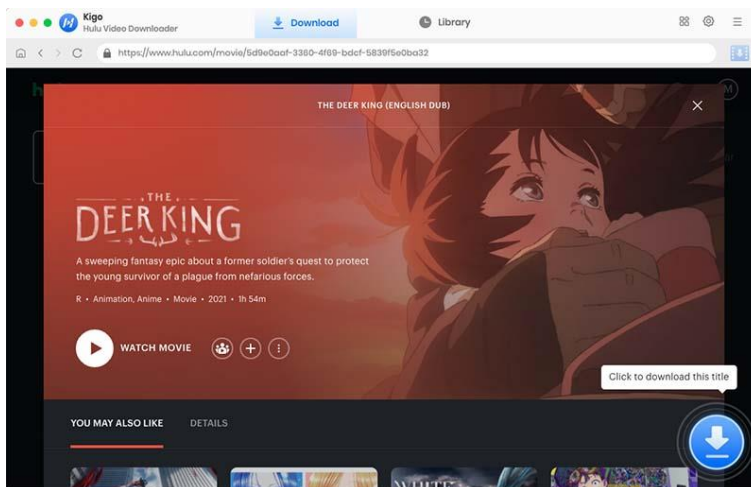

## Search for Videos

Enter the name of the video you want to download in the search field and search for it. You can also just browse to find the video you want to download.

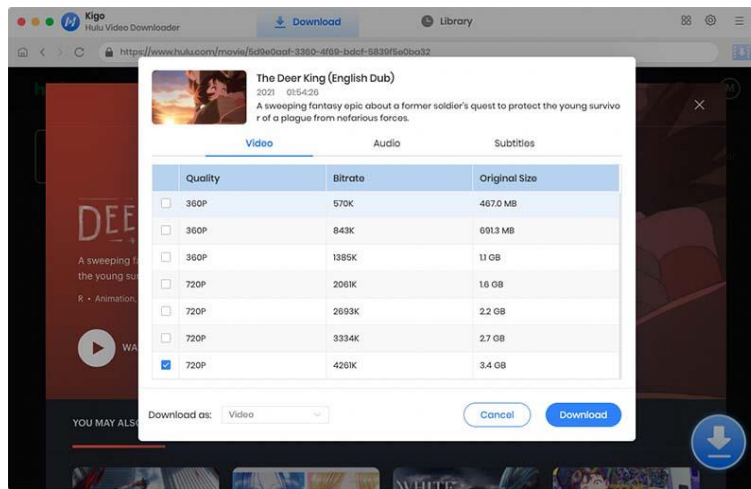

Open the details page for that video. When the gray "Download" button turns green, click the "Download" button. Kigo will automatically parse all information about this video.

## Advanced Download Settings

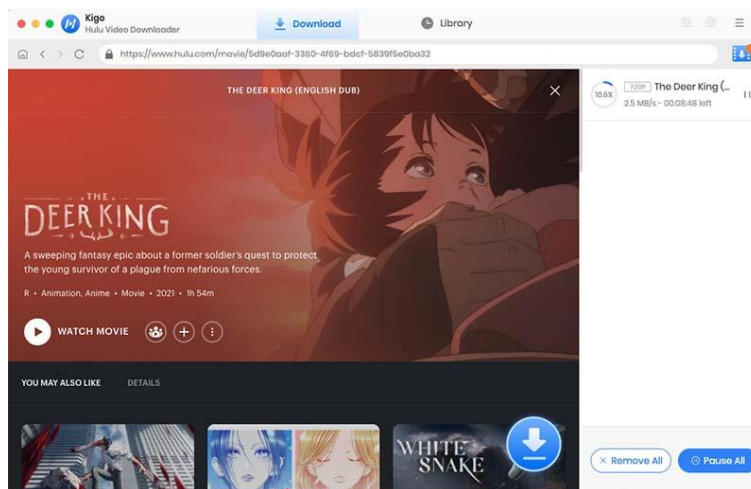

When the video you are downloading is a movie, Kigo will automatically open the "Advanced Download" window to select specific video quality, audio tracks, and subtitles with different bitrates.

When the video you are downloading is a TV series, you need to click the "Advanced Download" button at the bottom left corner of the window.

## Start Downloading Video

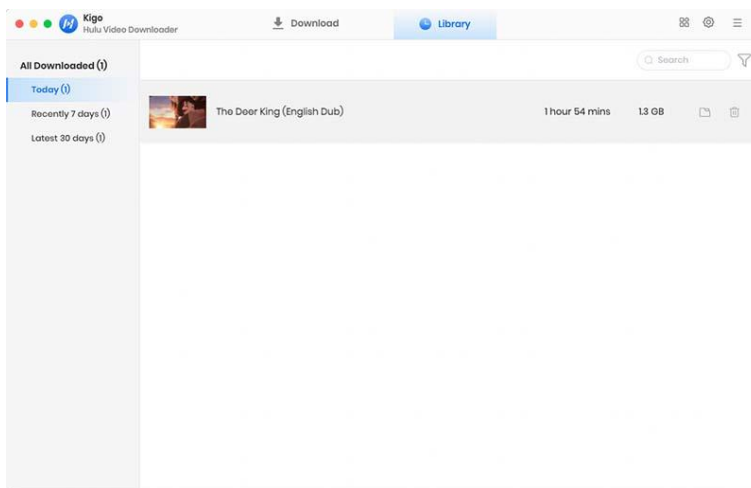

After completing the above steps, now the final step is clicking the **download** icon to start downloading the video to the output folder you've chosen in the previous step.

## Check Download History

After downloading, you can click on **Library** to find the well-downloaded Hulu videos on local drive.
