Introduction

Thank you for using Kigo Hulu Video Downloader for Windows!

Kigo Hulu Video Downloader for Windows is a professional video downloading tool that offers enough horsepower to download Hulu videos. With this Hulu Video Downloader, you can download any movies and TV shows from Hulu to your computer running Windows 11/10/8/8.1/7. Furthermore, the best part is that the program supports downloading videos in HD quality with audio tracks and subtitles kept. That means you can freely switch among those languages as needed and get the same watching experience as Hulu Videos provides.

Key Features

- Support downloading HD Hulu videos.
- Keep multi-language subtitles & audio tracks.
- Support AD track kept.
- User-friendly and intuitive interface, easy to use.
- No need to install the Hulu Video app.

System Requirements

- Windows 7, 8, 8.1, 10, 11 (32 bits & 64 bits)
- 1GHz processor or above
- 512 megabytes (MB) or higher RAM
- 1024*768 resolution display or higher Monitor
- 1GB of available hard-disk space or higher

Purchase & Registration

Purchase Kigo Hulu Video Downloader for Windows

Kigo Hulu Video Downloader offers three subscription plans: Monthly, Yearly, and Lifetime plans.

Quick Link: To purchase a license key for Kigo Hulu Video Downloader for Windows, please visit [here](#).

1. Why should I buy Kigo Hulu Video Downloader for Windows?

Kigo Hulu Video Downloader is a shareware, and the trial version only allows you to download the first 5 minutes of each video in HD quality. To get the full video, please purchase a license. After the purchase, you will be provided with your Registration Email and Registration key which will unlock the trial version limitation.

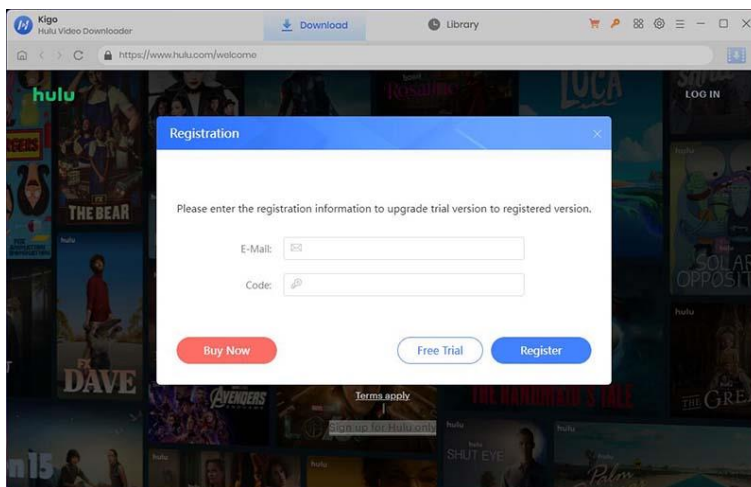

2. What Benefits do we have after Registration?

- Unlimited use during the subscription period without any function restrictions.
- Lifetime FREE upgrades to the latest versions of the same product.
- Lifetime FREE technical support.

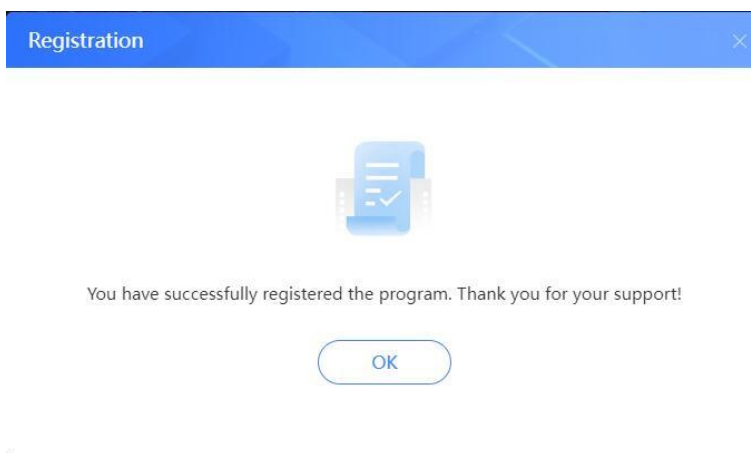

Register Kigo Hulu Video Downloader for Windows

Step 1: Run Kigo Hulu Video Downloader on PC. First you should click the **Menu** icon ☰ or the **Key** icon on the upper right, and then select **Register** option to register your program.

Step 2: Please fill in the blanks with the **Registration Email** and **Registration Code**. You can use keyboard shortcuts to copy (Ctrl+C) and paste (Ctrl+V) your license in the registration window.

Step 3: After finishing the Registration, the limitation of the trial version will be removed.

Notice:

1. Your computer should be connected to the Internet.
2. Make sure both the Registration Email and Registration key are provided by our company after you pay the registration fee. If you have not paid, please click **Buy Now** to [purchase](#).
3. Please make sure the Registration Email and Registration key you entered are both complete and correct, if not, an error message will pop up.

Installation

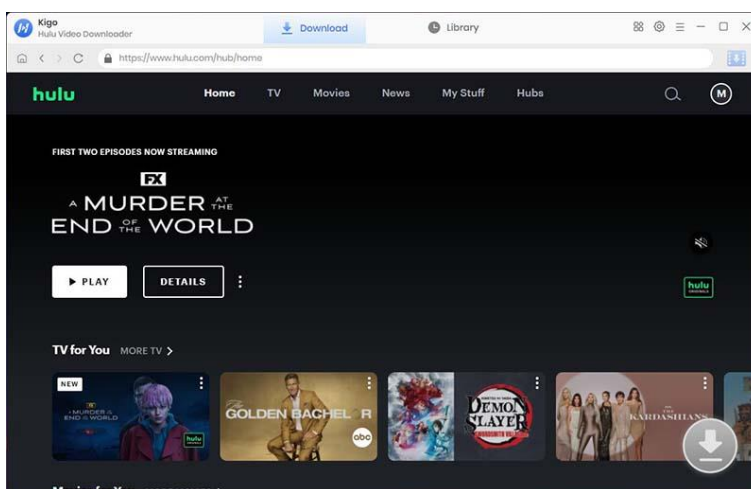

To install the program, please follow the instructions below step by step:

1. Download and install Kigo Hulu Video Downloader for Windows from [Download Center](#).
2. Double-click the installation package of Kigo Hulu Video Downloader for Windows to start installing the program on your computer.
3. Follow the instructions to finish the installation.

Note: You can customize the output path for the program as well as create a desktop shortcut icon for convenience during the installation.

Main Interface

Launch Kigo Hulu Video Downloader for Windows and you will see the main interface below:

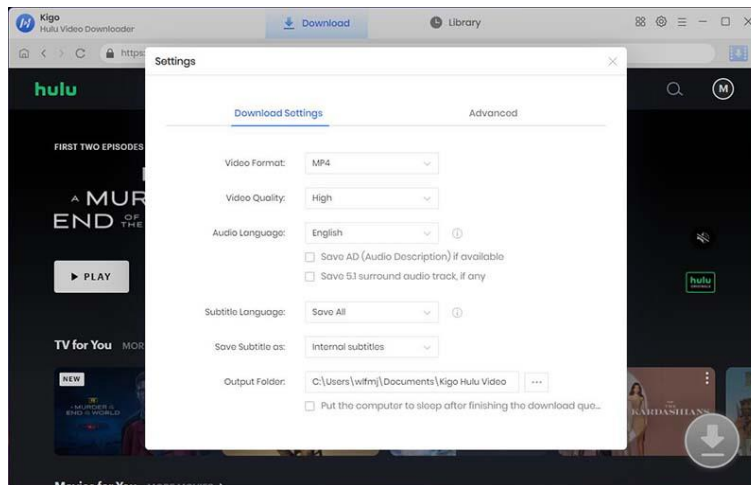

Menu

Click the **"Menu"** button on the upper-right corner, and you will see a dialogue as below:

Settings

Click the **"Settings"** button on the upper right, and you will see a pop-up window as below, where you can customize the output quality (High, Medium, Low), output path, audio and subtitles language, etc:

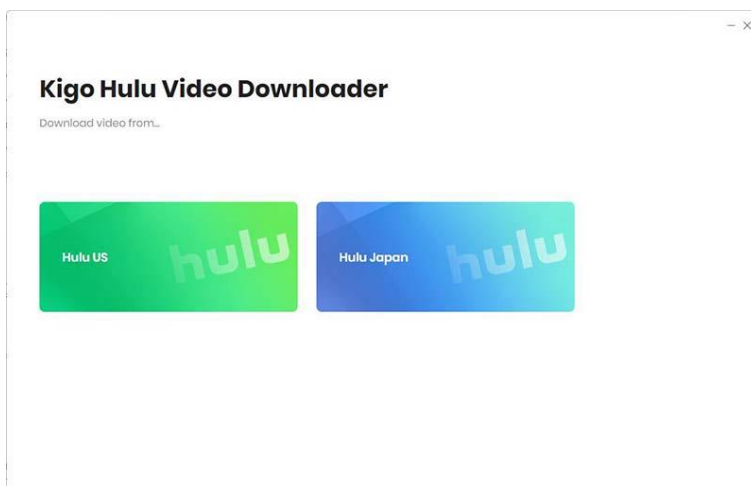

Tutorials

- Select the Region
- Log into Hulu Account
- Customize Download Settings
- Browse and Add Hulu Video
- Advanced Download Settings
- Start Downloading Videos
- Check Download History

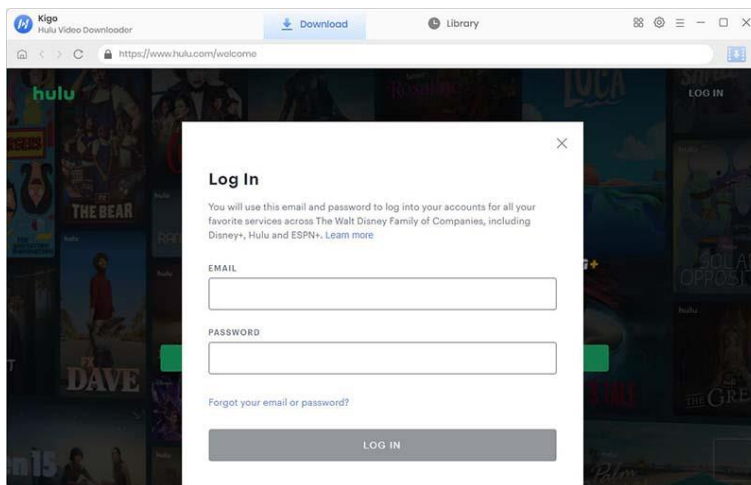

Select the Region

Run Kigo Hulu Video Downloader on Windows PC and select the region you want to download Hulu video from.

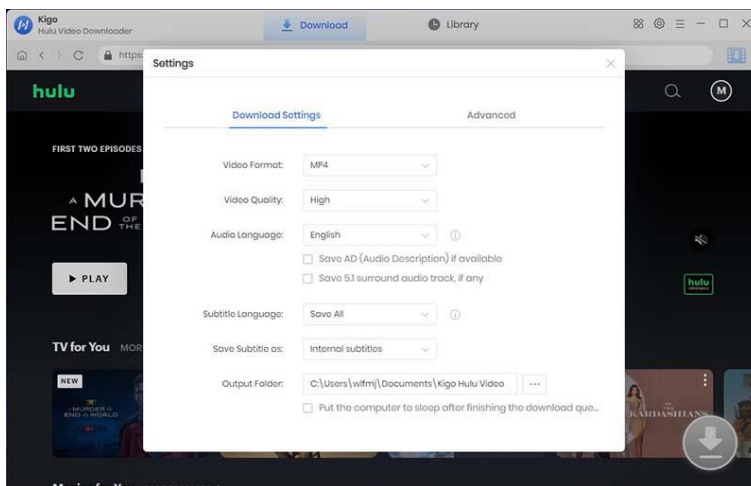

Log into Hulu Account

Then log in to your Hulu account.

Customize Download Settings

Click the **Setting** icon on the upper right corner to customize the output quality (High, Medium, Low), output path, audio and subtitles language, etc.

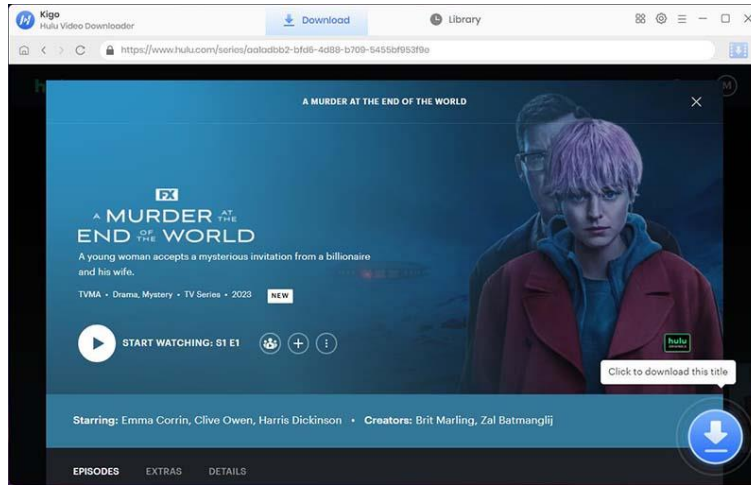

Browse and Add Hulu Video

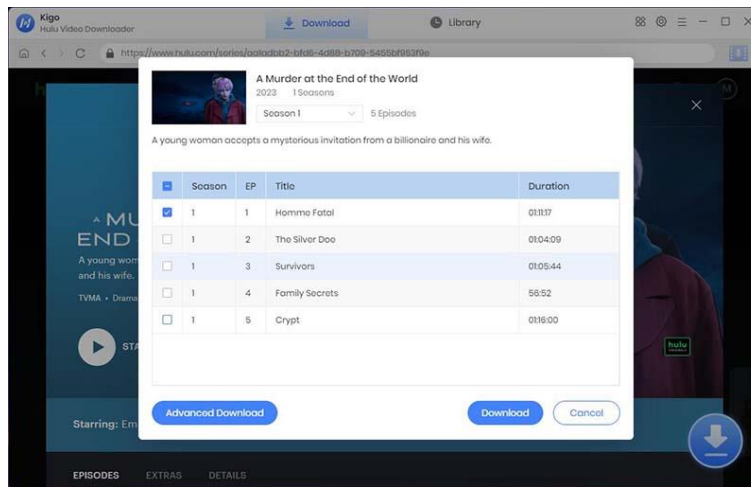

Browse Hulu's homepage to find the video you want to download, or you can search by video name in the search box. Then click the details page.

Kigo Hulu Video Downloader for Windows

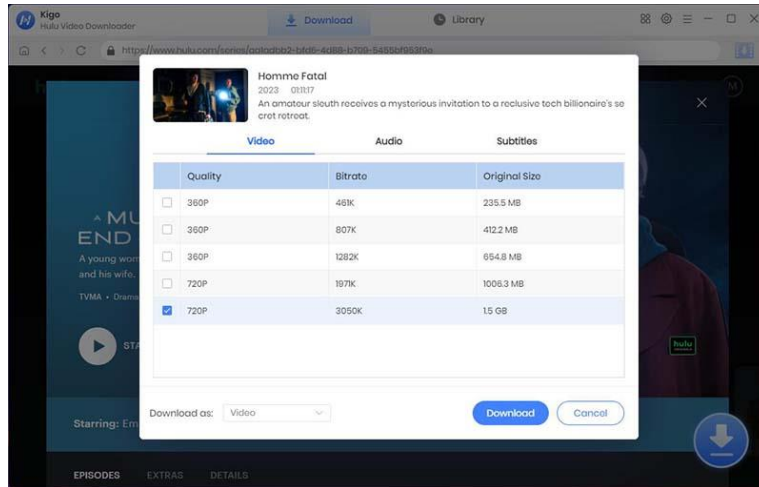

When the gray "Download" button turns green, click it. Kigo will automatically parse all information about this video. In the newly listed window, you can select the TV's episode you want to download.

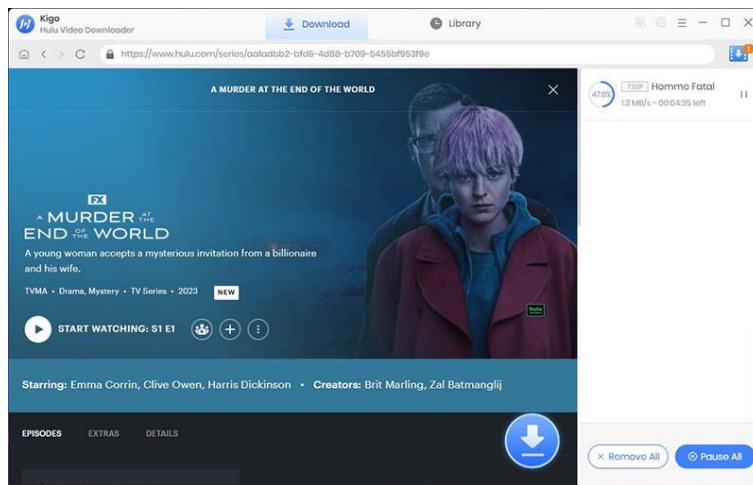

Advanced Download Settings

Click the "Advanced Download" button at the bottom left corner of the window to select specific video quality, audio tracks, and subtitles with different bitrates.

Start Downloading Video

After completing the above steps, now the final step is clicking the **download** icon to start downloading the video to the output folder you've chosen in the previous step.

Check Download History

After downloading, you can click on **Library** to find the well-downloaded Hulu videos on local drive.
